Office of Mayor.

Kansas City, Mo., July 25, 1888.

To the Honorable Common Council, City. Gentlemen:—I herewith return ordinance No. 10081, entitled "An ordinance to construct granitoid sidewalks on both sides of Baltimore avenue between Thirty-seventh (37th) and Thirty-eighth (38th) streets," without my approval, for the reasons set forth in the letter hereto attached, from Charles E. Finlay-Co., dated July 23, 1898, reference to which is hereby made, and the same made a part hereof, and letter being marked "Exhibit A." Respectfully.

JAMES M. JONES, Mayor. Kansas City, Mo., July 23, 1898.

Hon, James M. Jones, City Hall, Kansas City, Mo.

Dear Sir:—At the request of our company, there was an ordinance issued for putting down granitoid sidewalks on Baltimore avenue, between Thirty-seventh and Thirty-eighth streets, which ordinance has been passed by both houses, and has been sent to you, so we are informed by the city clerk, Mr. Curry, for your signature. We would request that you veto this ordinance, for the reason that it is one of the prettiest blocks of ground in Hyde park, and we would like to put down a better walk. We are figuring on putting down Phoenix sawed stone, and have an ordinance drawn, which will be introduced as soon as you veto the former one. The total frontage on both sides of Baltimore avenue between Thirty-seventh and Thirty-eighth streets is 1.200. Our company owns 1.025 feet of this ground, and, as we are building a number of high grade homes, we are very desirous of having natural stone sidewalk, as we believe it will look better, with natural stone steps with stone abutments, as the property is about five feet above grade. If you would like to have a talk with us regarding this matter, kindily, CHARLES E. FINLAY-CO.

ELOPEMENT ENDS UNHAPPILY. Newport Young Woman Thought She Was Marrying One of the

Nobility. Miss Harriet Hall Morris, daughter of former Mayor Morris, of Newport, R. I., whose runaway marriage in March last caused a sensation, is a petitioner for a divorce.

She fled from Newport the last of March with John Rex Guelph-Norman, who claimed to be of noble birth. They were secretly married in Providence on March 26, but when the marriage was recorded the name Guelph led to an inquiry and a romance was woven out of the affair. Society was astounded and relatives of Miss Morris amazed. Where the honeymoon was spent nobody knew, and what had become of the couple was as much of a mystery. From the petition of divorce filed in the Suffolk county superior court it appears the honeymoon was spent at a pretentions Commonwealth avenue hotel in Boston, and that thirteen days after the marriage the groom was summoned to New York, where under another name, he was arrested for fraud in a civil-suit. Two days later the bride of two weeks received information that he had another wife living in Burmah, India. She forthwith returned to Boston and has since been living in seclusion, having meantime gained a legal residence. In her petition she refers to him as "a man whose name was supposed to be John Rex Guelph-Norman, but whose She fled from Newport the last of March as "a man whose name was supposed to be John Rex Guelph-Norman, but whose real name is unknown, and she asserts that he is now in Paris, in support of which contention she filed a cablegram from him dated Paris, June 22.

Gifts for the Red Cross.

At the headquarters of the American National Red Cross Society, recently organized in Washington, a fine work is being done for the hospital supply service of the army and navy. The rooms have only been opened a few weeks, but everything is in complete working order, and so many orders from the front and other army posts have been received and filled since the middle of June that the secretary finds it difficult to give a full figure of just how many such orders have been honored. Not only are the people of Washington Bending in donations, but contributions of all kinds are coming in from every state in the Union. San Francisco and Omaha have sent on huge boxes of medicine, bandages, etc., while others of equal size containing delicacies as well as medicine have come from Kansas and Maryland. An international contribution of some importance was received to-day. It was a check for \$14.654 from the Duke of Palmella, president of the Portuguese Red Cross Society. Five thousand francs have also been received from M. Moynler, president of the international committee of the Red Cross at Geneva. Another contribution for the same cause was made in the shape of \$4.000 by August Belmont and which was the receipts of one day's racing of the Westchester Racing Association. The Duke of Palmella has also forwarded thirty-six letters from families of the Spanish prisoners of war.
